**Announcement: *GoalTrak*'s New Release 2.5.1**

IT'S HERE NOW! THE NEW *GoalTrak*<sup>TM</sup> Release 2.5.1!

Hello *GoalTrak*<sup>TM</sup> Partners!

Last Friday while you were passing out candies to trick or treaters, we were busy putting the final touches on a new release of *GoalTrak*<sup>TM</sup>*EV* and *GoalTrak*<sup>TM</sup>*CV*. I know you are going to like what you see. Here's what we accomplished since the last new release on August 28:

- Customers using the *Performance Appraisal* module will notice major improvements in how performance goal results are presented.
- The *navigation menu* has been upgraded making it easier to use.
- We have implemented a *percentage* type criterion for those measurable criteria whose results are reported as a percent, rather than a decimal.
- With the addition of "*status lights*" for each measurement period we have made the display of tracking data more informative when Viewing a goal, updating results in the Results Management module and viewing graph detail in the Dashboard.
- The "*Printing Friendly Page*" has been cleaned up for a neater output.
- Quick link access to an overview of an "*Organizational Goal System*" from the View Systems of Goals, Vision, Strategy and Create a New Goal pages.
- Expanded *help* files to keep up with all the changes.
- 23 additional miscellaneous layout and interface changes designed to facilitate use.
- We found and fixed 8 bugs before they were encountered by any of our users.
- And finally, 2 of our end user organizations found 2 bugs each which have been fixed.

Hopefully, you all have had a chance to look at our new [web site](#). The feedback has been very positive and we are seeing improvements in the number of visitors, their page views and our ranking with the search engines. We want this site to be a resource for you. It is loaded with all sorts of content that you can use as marketing material for your business. There are articles, blog posts and newsletters that contain valuable information that can help close a sale. This release email (and the previous one) has been uploaded to the Partner page on our site. Click on the **Partner** menu item and sign in to view these documents.

Thanks to everyone who contributed and please let me know what you think of the changes...good or bad!

Best Regards,  
Steve
